CRAFT

MATERIALS NEEDED

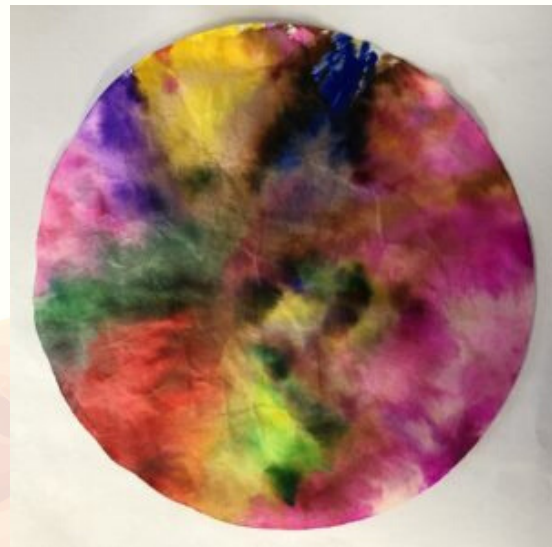

washable markers
coffee filters
green pipe cleaners
spray bottle of water
construction paper

- Have your child color the coffee filter with markers. The more color they add, the brighter the flower will be.

- Place coffee filter on a piece of construction paper.
- Have your child spray the coffee filter with water
- Watch the water spread and the tie-dye effect take shape

STORY TIME @ HOME!

- Let the coffee filter dry completely.
- Twist the middle of the coffee filter to form a flower shape.
- Attach a pipe cleaner for the stem.
- Use another pipe cleaner for the leaves.

Tip: If you want to contain the mess of wetting the coffee filter, place it in a baking pan before spraying.

The paper you use to line the coffee filter will also get tie-dyed and makes an extra piece of artwork the kids will love!

WELL DONE!
